

Have you ever dreamed of flying like Superman? Finally, you are able to really fly with this exciting experience!

If you want to be the center of attention on the beach, you will enjoy this one to the max!

If flying like a superhero was not enough for you, what do you think of flying like Ghost Rider?

Anyone with an adventurous spirit can realize their dream of flying. Our experienced instructors have been flying on PV beaches for more than 3 years, helping customers of all ages to reach for the sky. Once you fly with the best, you will be addicted and want to fly over and over again! Right from the moment you step into the ocean and begin your flight, all your senses will heighten!

Your emotions will intensify!
Your skin will tingle!
Your heart will beat faster!

While the blood rushes through your body, you can truly justify that you are doing more than just existing; you are living life to its fullest! With a little practice, you can soar up over 15 meters in the air above the ocean, using the device of your choice:

FLYBOARD JETOVATOR HOVERBOARD

Our instructors control the height you fly based on your particular abilities, always keeping your safety & security as their number one priority so that you can enjoy an unforgettable and exciting experience!!

We invite you to defy the grounded nature of being human and fly !!
